2018 Highlights

WISDOM MEETS TECHNOLOGY

Established partnerships with two additional community colleges for a total of four community colleges - a total of six locations for Wisdom Meets Technology (WMT) training.

Developed and implemented WMT survey tools to collect data that will be used to evaluate computer training.

Provided and funded computer literacy training for senior citizens.

The total students that have received training during the entire two-year pro-gram period from March 2016 to December 2018 is 503.

HOPE IN A BAG

Created and Distributed Christmas gift baskets with McDonald's gift cards

Collected and Distributed 5,100 bags of socks, toiletry items and snacks to the homeless

Expanded donation centers to three locations.

REACH TO FEED

Organized and executed onsite hurricane relief project in New Bern, North Carolina after Hurricane Florence.

Provided clothing, food, water, baby furniture, gift cards and 1,000 bags of snacks and toiletry items to hurricane victims.

BUSINESS BATTLE BUDDY

Provided free contracting and business counseling to 50 veteran-owned businesses. Recognized five veteran-owned businesses with certificates of appreciation and One veteran start up company was provided with a paid annual chamber of commerce membership.

Hope in a Bag

Brown paper bags filled with toiletry items, snacks, socks and words of hope and encouragement delivered to homeless and those in need. A pair of socks and or snacks may not seem like much, but to those in need, it is indeed just a little bit of hope in a bag.

Disaster Relief (Reach 2 Feed)

Many are confronted with disasters that leave them not only homeless but sometimes hopeless. As they struggle to put their lives back together and make ends meet sometimes even a simple thing as having a place to sleep or how to have a meal is challenging. Reach 2 Feed provides an opportunity to a help needy family have a meal, support and encouragement. The concept is simple yet it works! A nutritious and balanced meal, a place to live and hope for the future. One person will commit to help one family and ask 2 others to do the same. Will you be the one?

Thank you!

Wisdom Meets Technology

A fun and interactive computer literacy classes for senior citizens that are small with individualized assistance to maximize learning. Classes allow the seniors a unique learning experience by providing them a comprehension driven, rather than a time driven environment. Learning is enhanced when seniors are encouraged and allow to learn at their own pace. At the completion of the class, students will be able to navigate the Internet, read and open emails, open and send email attachments, compose, edit, save and retrieve Microsoft Word documents.

At 89 years young, Miss Inez lets everyone know, **"It's Never Too Late to Learn!"**

Business BattleBuddy

The mission of Business Battle Buddy is to help veteran-owned small businesses understand how to successfully navigate through the government contracting process. Free services are available to Veterans, Service-Disabled Veterans, Reservists, National Guard Members, and Active Duty business owners and start-up entrepreneurs.
